01

It gives your premises a personalised touch thanks to its design and its 12 colours.

Unique juice extraction system

A **compact, efficient and clean** system that achieves a perfect cut and squeeze. **ASP technology** efficiently eliminates and inhibits the growth of any bacteria in a lasting way. This system can also be **easily removed** and it can be washed in the dishwasher.

It consumes less than a light bulb.

More than style

This machine is not only characterised by its presence, but also by its many qualities

It is automatic

With its **Push Button** operation, enjoying a juice in **5 seconds** is at the tip of your finger.

Modes of use

You can serve the juice in the integrated jug or directly into a glass thanks to its self-service tap.

Digital Display

Used to control the machine activity or the total number of oranges to be squeezed.

Built-in waste container

Convertible for continuous removal on countertop.

Interchangeable colours

You can change the colour in a jiffy, to be able to adapt it to any space.

Triple safety system

Protecting you from accidentally opening the machine and preventing its operation if not correctly mounted.
